

Resolution 01.2.2 – Fill Classified LRC Vacancies:

February 12, 2001

Move: McLeod

Second: Ontell

Whereas recognizing efforts to date to fill vacant LRC classified employee positions and retain current employees reportedly have been affected by comparatively low pay rates,

Be it resolved that the Academic Senate strongly affirms both to the campus and the District administrations and to the AFT Guild that the hiring and retention of classified employees in the LRC is essential to permit the optimal use of the LRC by our campus community through expanded hours of service that would make the facility accessible after 9 p.m. on weekdays and on weekends, thus improving our educational environment.

Approved by the Academic Senate: February 26, 2001 (Unanimously)
