

Resolution 11.9.1: Facilities Services (Fremland & Zand)

First Reading: September 26, 2011

Move: Zand

Second: Teegarden

Whereas facilities services has undergone, like everyone, a reduction in resources and

Whereas this has resulted in a reduction in services provided by facilities services and

Whereas this reduction in services has significantly impacted the learning environments of our students and

Whereas there has been a breakdown in communication between the District-centered facilities and the sites making it difficult to operate classes safely and effectively and

Whereas the decisions as to which services to reduce or eliminate were made without input from those impacted by these decisions

Be it resolved that the Academic Senate requests more dialog in decisions regarding reduction in services that will impact the learning environment.

And,

Be it further resolved that, upon adoption of this resolution, the Mesa Senate send it to the Academic Senates at City and Miramar Colleges with a request for their concurrence on this matter of district wide concern.

And finally that,

Upon approval this resolution be presented to the District Governance Council (DCG) for a district wide discussion.

26 September 2011

Presented to the Academic Senate: September 26, 2011

Approved by the Academic Senate: October 10, 2011
