

SAN DIEGO MESA COLLEGE  
**HEALTH INFORMATION TECHNOLOGY PROGRAM**  
Information/Application Guide for **Fall 2020**  
Applications accepted August 1, 2019-January 31, 2020

**Attention: The program prerequisites are Medical Terminology (MEDA 110), Pathophysiology (MEDA 115) and Human Anatomy & Physiology (MEDA 055 or BIOL 160) with a grade of "C" or better. Appropriate verification must be submitted along with the application. Previous completion of these courses must be within the last 5 years.**

**Career Description**

As a vital member of the health care team, the Health Information Technician is responsible for managing the patient care information needed by the patient, health care facility, physician and other health care professionals, administration, utilization management, quality assessment, risk management, business office as well as other departments within the facility. In addition, Health Information Technicians are continually called upon to provide information to many outside agencies. In short, the health information specialist is the professional who manages practically the entire patient care database, much of which is computerized.

**Aptitudes of Health Information Technicians**

- interested in medical science
- detail oriented
- high performance motivated
- service oriented
- emotionally stable and flexible
- enjoy working with a diverse population of both employees and patients
- capable of independent problem solving and initiative
- able to function and contribute as a team member within the entire organization as well as the department

**Employment Outlook**

The employment potential for Health Information technicians is excellent. This career field is listed as one of the top ten by the U.S. Department of Labor in terms of employment opportunities. Graduates of the program are qualified to seek positions in the following areas: hospitals (acute, psychiatric, rehabilitation, and specialty facilities), clinics, long term care, home health, hospice, consulting firms, insurance companies, copy services, government agencies, computer software companies, law firms, and more.

**Probable Salary Range for the San Diego Area**

Starting Range: \$2,700 – 3,200 per month  
Career Range: \$30,000-\$100,000

**Program Director**

Connie Renda, MA, RHIA, CHDA  
Mesa College, Bldg S-308

Tel: (619) 388-2606  
email: crenda@sdccd.edu

## **Admission Requirements**

### **1. How can I get more information about this career field and the Health Information Technology program?**

To assist you with your planning and to gain information related to the admission process, information sessions are offered at Mesa in Building S, the Allied Health Building, Room S208 unless otherwise posted. Check the Allied Health Department website ([www.sdmesa.edu/allied-health](http://www.sdmesa.edu/allied-health)) for dates and locations. RSVP's are **not required** for attendance at the one-hour orientation session. **Please check the website just prior to attendance for any scheduling changes that may occur.**

- An additional suggestion is to get some volunteer experience in a health information department in order to gain insight into the roles and functions of health information professionals on the job.

### **2. How do I find out what courses I need to take?**

- Attend one of the information session meetings.
- Meet with the Allied Health counselor, Nicholas DeMeo, in student services I-400 building or call (619) 388-2672

### **3. How do I apply for the program?**

- Submit a complete application packet with appropriate documentation to the Special Admissions Clerk in the Admissions Office by Thursday, January 31, 2019. See transcript information on page 4.

**Program admission is done on a first-come, first-served basis.** Students with complete applications who have submitted official transcripts (verifying completion of MEDA 055 (or BIOL 160), MEDA 110 and MEDA 115 or their equivalent) will be placed on a "qualified applicants" list. Complete applications will be stamped according to the date and time of receipt. It is the responsibility of the applicant to assure that all supportive documentation is in their file – incomplete applications will NOT be considered. The program admits up to 64 students. Completion of all designated prerequisites does not guarantee admission.

All applicants are responsible for maintaining a current e-mail address with Special Admissions so as to be able to receive requests for confirmation of continued interest in admission into the program sent during the year. The applicant must return each such notice by the stipulated date to maintain the admission status.

A candidate's name will be withdrawn from the wait list if the applicant cannot be reached for notification of admission. Any candidate wishing to withdraw or cancel their application or postpone admission must provide immediate written communication to the college's Special Admissions Clerk.

## **PROGRAM INFORMATION**

### **1. What can I do while waiting for admission to the program?**

It is suggested that you take **your general education required courses** during the waiting period so when you are in the program, you may focus on the program courses. Other recommended courses are as follows: HEIT 110, HEIT 130, HEIT 135, CBTE 180, and CISC 181.

**2. Can I complete the program in less than two years?**

If your prerequisites, District and College requirements are completed, the program may take less than two years. However, course load will vary depending on how many required general education courses also need to be completed.

Typical major course sequence

**SEMESTER ONE FALL (9 units)**

Course Title	Semester Units
HEIT 110 Introduction to Health Information Technology	4
HEIT 130 Pharmacology	1
HEIT 135 Computer Basics for Health Information	1
HIMS 140 Health Law	3

**SEMESTER TWO SPRING (8 units)**

Course Title	Semester Units
HEIT 256 Hospital Statistics (or Math 119 or PSYC 258)	3
HEIT 155 CPT Coding	3
HEIT 160 Reimbursement	2

**SEMESTER THREE FALL (7.5 units)**

Course Title	Semester Units
HEIT 214 ICD-CM Coding	3
HEIT 220 Principles of Leadership	2
HEIT 266 DCP Part I	2.5

**SEMESTER FOUR SPRING (8.5 units)**

Course Title	Semester Units
HEIT 215 ICD-PCS Coding	3
HEIT 258 Quality and Performance Improvement	3
HEIT 267 DCP Part II	2.5

**3. After graduation from the program, when do I take the certification examination?**

When you graduate you will be eligible to write the RHIT Exam. While it is important to graduate from the Health Information Program, it is extremely advantageous to your career that you obtain your RHIT credential. This identifies you as a professional in your field of health care. Graduates may write the RHIT exam as soon as their application is accepted by AHIMA.

**4. What other program-specific costs are there for me to consider?**

While in the program, the student will be required to complete and pay for a physical exam, TB skin test (or equivalent), required immunizations, a background check/drug screening required by the clinical sites and additional clinic-specific requirements to begin clinical experiences. A reliable means of transportation is necessary while in the program. In addition to the cost of textbooks, there is a fee for use of the educational electronic health record software.

## TRANSCRIPT INFORMATION

Official transcripts from each college you have attended, with the exception of Mesa College or others within the SDCCD, are a critical component of a complete application. Ideally, transcripts should be sent directly to the applicant to include with the program application. They must be official and unopened in the original sealed envelope. Unofficial Mesa transcripts are acceptable and need to be included with the application if a prerequisite courses are from SDCCD.

If a college will not send official transcripts to you, applicants must:

1. Apply online to the College.
2. Request transcripts be sent directly to the Special Admissions Clerk at Mesa College, specifically addressed as follows:

San Diego Mesa College  
Attention: Special Admissions/HEIT  
7250 Mesa College Drive  
San Diego, CA 92111

3. Indicate on your application that transcripts are being sent directly from a college(s) and list them.
4. Include an unofficial copy of the transcripts with the application.

Transcripts sent to Mesa College without designation to Special Admissions will end up in a different department and will not be reviewed. It is the student's responsibility to assure their transcripts are sent properly and confirm their receipt with our Special Admissions Clerk before the application deadline.

Computer printouts of grades are not accepted and will not be considered. Students are advised to proceed carefully in situations where spring classes end near the program application deadline; the application process will not be altered for late grade postings. Students should plan accordingly.

Students with foreign transcripts should consult an academic counselor before submitting an application, since such transcripts will need to be evaluated by an independent service prior to be accepted.

*Note: If you have completed courses within the San Diego Community College District, (Mesa, Miramar or City Colleges) you may submit a print out from Reg-E, rather than official transcripts.*

Mail to: Special Admissions Clerk  
San Diego Mesa College

Institution: \_\_\_\_\_ Units: \_\_\_\_\_ Grade: \_\_\_\_\_

Date Completed: \_\_\_\_\_

**Human Anatomy & Physiology (MEDA 055 or BIOL 160)**

Institution: \_\_\_\_\_ Units: \_\_\_\_\_ Grade: \_\_\_\_\_

Date Completed: \_\_\_\_\_

**Pathophysiology (MEDA 115)**

Institution: \_\_\_\_\_ Units: \_\_\_\_\_ Grade: \_\_\_\_\_

Date Completed: \_\_\_\_\_

4. After completion of the Associate of Science (HEIT) degree, do you intend to pursue a Bachelor of Science (HIMS) degree: Yes \_\_\_\_\_ No \_\_\_\_\_ Undecided \_\_\_\_\_

CONFIRMATION CHECK LIST

Name \_\_\_\_\_ (please print)

Instructions: Read each item and then place a check mark confirming notification. It is recommended that you retain a copy for your records.

\_\_\_\_\_ I have read all of the material contained in the HEIT Information/Application packet and understand the application and selection process.

\_\_\_\_\_ I understand that after my application is accepted and verified, it is my responsibility to notify the Mesa College Special Admission Clerk of any changes in my contact information (email, address or telephone number).

\_\_\_\_\_ I understand that, in the event I should require accommodation to any part of the application, selection process, it is my responsibility to contact the College Disabled Student Program and Services office (619-388-2780) early in the process so as to ensure time to validate and establish the necessary reasonable accommodation which maintains the essential elements of the program.

\_\_\_\_\_ I understand it is my responsibility to: meet program requirements; ensure course equivalency; follow proper application procedures; provide transcripts; and keep informed on revisions regarding degree requirements, program requirement, and selection process.

\_\_\_\_\_ I understand that the general education requirements for the A.S. degree or certificate are subject to change with the publication of each year's Mesa College catalog.

\_\_\_\_\_ I understand that if I am notified of being admitted into the program, my failure to submit a "confirmation of acceptance" with the Special Admission Clerk in the allotted time frame constitutes grounds to assign my position to an alternate.

\_\_\_\_\_ I understand that the HEIT program admission policies are based on published College policies; program admission is an equal opportunity process and persons are not excluded based on ethnicity, age, gender, or religion.

\_\_\_\_\_ I understand that a wait list is generated as a result of the Special Admissions Process. Program admission is based on a first-come, first-served basis. If the program becomes impacted (more applications than slots available), I understand that an alternate list will be generated and those students will need to reapply for the next year's admission.

\_\_\_\_\_ I understand that Mesa College reserves the right to revise program requirements and/or selection procedures, immediately after the application filing date.

\_\_\_\_\_ I have read the current Allied Health Department Policy manual ([www.sdmesa.edu/allied-health/index.html](http://www.sdmesa.edu/allied-health/index.html).) and understand that I will be expected to adhere to the terms and conditions outlined in the most current version of the manual as part of my participation in an Allied Health Department program.
