Dear Student,

The San Diego Community College District recognizes that we are living in unprecedented times, with the backdrop of a global pandemic and social protest which may have impacted you. Now more than ever, a quality education is a valuable tool that will help our society bounce back from all that we are experiencing.

With equity and intent in mind, the San Diego Community College District is committed to doing our part to usher in and embrace the societal transformation that is taking place. **Thus we have decided that every Spring student will complete the Spring Semester of 2020 in Good Standing!** Please note that, these calculations are separate and different for Financial Aid and Veteran Benefits, due to Federal regulations and you may have a different outcome for those programs.

At times in life we can all benefit from a "Fresh Start" we know that if you have had academic challenges, we encourage you to take advantage of this opportunity to make progress toward the completion of your educational goal.

The staff and faculty here at City, Mesa, and Miramar Colleges hope that you are able to continue your educational studies this Summer or Fall. It is important that you maintain good mental and physical health. Please reach out if there is anything we can do to help guide you.
