

## Message from the Mesa College Associated Students

Monday, March 23, 2020

Hello fellow students!

As your Student Leaders, we wanted to reach out and offer a message of comfort. First, let us just say that you are at the forefront of every decision and plan that we make. All of Mesa College's Family Members--Student, Faculty, Staff, and Administration--are experiencing some form of hardship during this very challenging transition; no one is exempt from that. We also want to say that we are here for you, we believe in you, and **you've got this!** We have been communicating and virtually meeting like crazy to try to figure out our best next steps in terms of supporting you all.

We would like to connect with you via Instagram, so we can try to remain as connected as possible in an effort to maintain some sort of campus community. Although it will not be the same, we hope that our efforts will lessen those feelings of loneliness during this time of isolation. We will be posting daily motivation and check-ins, along with weekly interactive challenges. You may even see some of our pets on there as well! We really want you all to know that you are always supported and loved, especially now.

You can follow us on Instagram: @sdmesaas.

We hope you will connect with us, and we will get through this hard time together. **We've got this!**

Sincerely,  
The Associated Students
