*Deaf Celebration Day commemorates the 30th Anniversary of the 1988 “Deaf President Now” (DPN) Student Protest at Gallaudet University, leading to the first Deaf President of that institution since it was established in 1864! The protest, which included a member of our own faculty, Professor Leslie Styles, was a successful one, leading to the appointment of the University’s first Deaf president, Dr. I. King Jordan. The DPN Protest remains of pivotal significance to the Deaf Community worldwide.*
