## *Did you know...?*

<https://www.edexcelencia.org/research/latino-college-completion>

- HSIs represent only 10% of colleges and universities in the U.S., yet we enroll 60% of all Hispanic students.
- 22% of Latinx adults (25 and over) had earned an AA Degree or higher vs. 39% of all adults from 2015-2016 in the U.S.
- We need to accelerate Latinx students' degree attainment to close equity gaps.
- Latinx students have lower adult degree attainment compared to all adults and lower graduation rates compared to Whites in almost all states/locations.
