Helpful Tips

- In reviewing rubric & discussion prompts, note the "or" conjunctions. These indicate that your response may address some, but not all, of the listed criteria & still receive a high score.
- Where appropriate, use data discussion from Program Review responses to address discussion prompts.
- As recommended earlier, use Mesa Institutional Effectiveness dashboards to locate additional institutional data (e.g., [Awards dashboard](#), [Course Outcomes dashboard](#), [Enrollment Management dashboard](#), [Faculty Staffing Trends dashboard](#), etc.)
- To find compelling non-institutional data needed to support discussion, consider using scholarly search engines such as [Google Scholar](#). Also consider using articles from reference sources available through the [Mesa Learning Resource Center](#), such as *The Chronicle of Higher Education*.

Reviewing the Questions and Rubrics

- Unit Goal Alignment
- Mark "Faculty" under the Type of Request
- Title of Request
- Using accurate and relevant data*, explain the **Need** for the request beyond what currently exists in the unit.
- Some data will be provided but writers should include any additional data they deem relevant to the demonstration of need.
- Classroom requests must minimally include the FTES/FTEF, amount of Adjunct FTEF on the schedule, and current Headcount of Full-time faculty in the department.
- Other data could include student utilization, faculty/employee utilization, growth/demand, time on task, efficacy of services, etc.
- Request may include discussion of how it will support a new policy, practice or requirement (internal or external). The requirement should be clearly articulated with relevant details describing how this request supports the requirement.
